SAFETY AND SECURITY:

There are Public Safety officers on duty 24 hours every day. They patrol the entire campus in marked vehicles. In the event of an emergency dial "33" from any campus phone. There are 20 emergency and information telephones placed throughout the campus. They are located at the front flagpoles, at the main gym entrance and at various points on both the upper and lower levels of the main academic center.

The community service/campus information office (at the southwest corner of the library wing, near the flagpoles) is open Monday through Friday until 7 p.m. for students waiting for rides or buses. The office is not open on Saturdays.

Doors leading to the Jazz Café are open Monday through Friday from 6 a.m. until 10:30 p.m. This well-lit area is equipped with tables and vending machines. It is a great place for study groups. Restrooms adjacent to the café are open during Jazz Café hours.

Public Safety officers are available to escort you through our "Safe Walk" program. Officers are available at any time through the campus switchboard. Dial "7310" from any campus phone to reach an officer.

Closed-circuit cameras monitor broad areas of the campus at all times.

Safety and Security Management / Campus Information is located at the west end of the Library wing, north of the flagpoles. It is open year-round Monday – Friday 8:00 a.m. - 5:00 p.m. Public Safety officers are on duty 24 hours every day. They patrol the entire campus in marked vehicles. Closed-circuit cameras monitor broad areas of the campus at all times.

Note: If you have a health concern that might affect classroom activities, please inform your instructor privately as soon as possible at the beginning of the term.

Fire / Evacuation Alarm: If you hear the evacuation alarm sound, students and instructors must pick up their belongings and calmly walk out of their classrooms to the parking lot. Classroom doors are to be closed but not locked when exiting. Instructors will direct students to the part of the lot furthest from the campus; at least 300 feet from the building. Students and instructors must wait in the parking lot until Public Safety announces that the drill or emergency situation is over. No one is to re-enter the building just because the alarm has stopped. No one may drive through the evacuation crowd.

Earthquake: We will get NO NOTICE, so as soon as an earthquake is felt, get next to the nearest piece of substantial furniture, crouch down and hold on so that the protection doesn't move away from you. If no shelter is available, crouching next to a counter top, a piece of substantial machinery or the back of a chair is advisable. As a last resort move to a windowless, interior wall, close to an exit; crouch and cover your head with your arms. If the evacuation alarms sounds, calmly pick up your belongings, close but do not lock the doors as you leave, and proceed from the building to the perimeter parking lots. Evacuation routes should be adjusted to avoid hazards.

Note: Students with disabilities who are unable to perform these procedures should talk with their instructor and develop individualized evacuation plans. Plan development assistance is available from Environmental Health and Safety, (503) 491-7495, and Disability Services, (503) 491- 6923.
