

## Staying Connected in Chemistry 222 This Quarter

Success in Chemistry 222 often depends on staying connected with the flow of the course... here are some suggestions on how to be aware of what is happening each week:

- **Discord** is a wonderful medium for keeping students connected while in this class. Our Discord server will offer weekly assignment updates (with links to labs, problem sets, etc.) as well as links to video lectures, tips and hints from the instructor on how to conquer difficult problems, and more! Joining Discord is easy and free; go here (<https://discord.gg/ZhrmjCS>) and join the CH 222 server to get started.
- I'd be honored if you would subscribe to me on **YouTube!** (<http://youtube.com/marsmars2>) I create videos for more than just chemistry classes... :)
