This exam consists of eight (8) pages (including this sheet) with twenty (20) multiple-choice questions and five (5) short answer questions.

Point values are summarized on the next page.

A periodic table and scratch paper are available for you to use on this exam. You will need to use a scantron (purchased from the MHCC bookstore) with fifty questions on each side for the multiple-choice section of the exam.

The following items will result in a five-point penalty:

- Your name is not listed on the scantron and/or the exam
- You use pen instead of a pencil to mark your scantron ("manual grading fee")
- Your scantron is heavily creased, folded, bent, etc. and does not go through the scantron machine

*Before you start:*

- Verify that you have all eight (8) pages
- Write your name in the space above and on your scantron

*At the conclusion of the exam:*

- Sign the integrity statement below. **Failing to sign the integrity statement on this exam imparts an immediate grade of zero.**
- Ensure that all multiple-choice answers are clearly marked in the appropriate box on the scantron
- Turn in the exam, the scantron, the periodic table and all scratch paper used
